COURSE CARE

At Canyon Meadows, we take immense pride in the exceptional condition of our course, which is a testament to the collective effort of our Members and Guests. Proper care of the golf course is not just a courtesy; it is central to maintaining the playability and aesthetic beauty that our club is known for. We kindly ask that during your time on course, you contribute to these efforts by diligently raking bunkers, repairing ball marks, and filling divots with the provided sand and seed mixture. This attention to detail ensures that each player who follows will enjoy the same pristine conditions that you experienced.

For those utilizing golf carts, we implore you to operate them with the utmost care and respect for the course. Please keep to the designated paths where possible, especially near tees and greens, ensuring that all four wheels remain on the path in these areas. As a gentle rule, where pathways are not present, please keep your cart in the fairways whenever possible.

PACE-OF-PLAY

Canyon Meadows has an established **pace-of-play of 4 hours and 5 minutes or less**. It is expected that all players will play “ready golf” to ensure their group does not cause any undue delay and maintains the pace guidelines. It is a group’s responsibility to keep up with the group in front of them. Please choose the appropriate tees from which to play - matched to your skill level - in order to meet the pace-of-play guidelines.

**PLAYING WELL - PLAY FAST
PLAYING POORLY - PLAY FASTER**
